LETTER FROM THE PROGRAM CHAIR

Welcome to the 69th Annual Meeting of the Evangelical Theological Society

The theme for this year's conference, "The Heritage of the Reformation," points to the 500th anniversary of that time when a monk with a mallet nailed 95 theses to a church door in Wittenberg. Our purpose is not merely to take a nostalgic look in the rearview mirror, but to ask important theological and ecclesiological questions related to this theme for our day. In addition, some sessions will focus on a secondary theme of "religious liberty," reflecting on the significance of meeting in Providence, Rhode Island where Roger Williams, author of The Bloody Tenent of Persecution, planted a free church in the 17th century to protest the idea of an official state church. Issues of religious liberty have continued to be debated since those days, but those issues seem to have been magnified in recent days.

This year's program promises to be informative and edifying. We will be blessed to have three outstanding Reformation scholars to address key topics related to this year's theme. Our speakers include: Timothy George, founding dean at Beeson Divinity School and General Editor of the massive Reformation Commentary project; Gwenfair Adams, Associate Professor of Church History at Gordon-Conwell Seminar and editor of the volume on Romans 1-8 in the Reformation Commentary, and Scott Manetsch, professor of church history at Trinity Evangelical Divinity School and editor of the volume on 1 Corinthians in the Reformation Commentary series. We look forward to hearing from each one of these outstanding scholars during the plenary sessions.

The program will also include several hundred instructive and challenging papers delivered on a variety of important topics. We anticipate a wonderful time together with helpful conversations and warm fellowship. In addition, I hope you will have opportunity to enjoy some of the beauty of New England in the fall.

We certainly want to offer our genuine appreciation to the ETS Executive Committee, the program unit committees, and the many volunteers who serve so faithfully in order to make this such a successful annual meeting. A special word of gratitude is extended to J. Michael Thigpen, the Executive Director of ETS, and his wife Bonnie, who serves as the Conference Coordinator, along with numerous others who have given of their time to help all of us be able to enjoy the 69th Annual Meeting of the society.

I look forward to seeing you in Providence!

Parallel sessions

The parallel sessions are composed of five different session types.

- **Program Unit Sessions**
  are a combination of invited papers and proposed presentations which were selected by the program unit steering committees. ETS has three types of program units. Consultations are new program units which are responsible for one session of invited papers at the meeting. Study Groups are narrowly focused groups which require active, collaborative participation by the group members. ETS encourages study groups to publish the results of their work. Study groups are responsible for one session of invited papers at the annual meeting. Sections are broadly defined groups that represent general areas of interest. Responsible for one session of invited papers and one session of papers drawn from member submissions, the sections offer the most access for unsolicited papers.

- **Affiliated Society Sessions**
  feature presentations that were selected and arranged by one of the three societies which join ETS each year: the Evangelical Philosophical Society, the Near Eastern Archaeological Society, and the Adventist Theological Society.

- **Discipline Specific Sessions**
  are composed of presentations that were submitted by ETS members and rated by a panel of scholars who served under the direction of the program chair. These presentations have been grouped into basic disciplines: Old Testament, New Testament, Systematic Theology, Church History/Historical Theology, and Practical Theology.

- **Theme Sessions**
  are composed of presentations submitted by members, which address the conference theme. These presentations were evaluated by a panel of scholars under the direction of the program chair. The theme presentations have been arranged into cohesive sessions based on texts, topics, and methods.

- **Career Sessions**
  are special sessions that are designed to help ETS members in their careers. These sessions include discussions of the academic job market, publishing, interviewing, and other significant career development topics.

THE LOST SERMONS OF SPURGEON
WILL BE 50% OFF IN THE
B&H ACADEMIC BOOKSTORE

For almost 180 years, Charles Haddon Spurgeon's earliest sermons were lost to history. Thanks to Christian George and Spurgeon's College, these powerful words from one of the world's most popular preachers are now widely accessible to be read, studied, and enjoyed in the twelve volumes of the Lost Sermons of C. H. Spurgeon series.

The new Spurgeon Journal contains Spurgeon's own inspirational words culled from these early sermons. On the page directly following each quote, you'll find the source—the name and number of one of Spurgeon's early sermons—for easy reference. In addition, the customizable table of contents at the front of the journal and the date feature at the top of each page allow you to keep your thoughts organized.

Whether you use your journal for writing sermons, taking notes, or daily journaling, allow Spurgeon's inspiring words to speak to your life today.

Beeson Divinity School

An evangelical interdenominational divinity school committed to the principles of the Reformation.

Beeson is a living community of faith and learning, committed to the gospel of Jesus Christ, the authority of Scripture and the mission of the church in the world. In light of these commitments we teach a classical theological curriculum rooted in exegesis, church history and doctrine, and pastoral ministry. We practice incarnational theological education as we study, worship and pray for one another in person, face-to-face. The Reformation is alive and well at Beeson Divinity School!

The Greek New Testament is priceless in its value as it is how God has given us his revelation of the gospel and of Jesus Christ. While a few trusted Greek texts are in print, significant advances have been made in Greek translation studies of the New Testament since a standard text was adopted by academics in 1975. The Greek New Testament, Produced at Tyndale House, Cambridge has been created under the oversight of editors Dr. Dirk Jongkind (St. Edmund’s College, University of Cambridge) and Dr. Peter Williams (Tyndale House, Cambridge). Together with their team, they have taken a rigorously philological approach to reevaluating the standard text—reexamining spelling and paragraph decisions as well as allowing more recent discoveries related to scribal habits to inform editorial decisions. Ideal for students, scholars, and pastors alike, and published in partnership with Cambridge University Press to coincide with the 500th anniversary of the Reformation, The Greek New Testament is a groundbreaking contribution to biblical scholarship.

The Crucifixion of the Warrior God
Volumes 1 & 2
By Gregory A. Boyd
$59
Conference special: $41.30
9781506420752 pb 1,492pp

In an epic constructive investigation, *The Crucifixion of the Warrior God* addresses the tension between Scripture’s violent depictions of God and the nonviolent, self-sacrificial God that was supremely revealed on the cross. Over two volumes, author Gregory A. Boyd develops a theological interpretation of Scripture that he labels a “cruciform hermeneutic,” and he argues that this cruciform way of reading Scripture reframes its violent divine portraits in a way that subverts their violence and that discloses how they bear witness to the revelation of God’s nonviolent love in the crucified Christ.

“This is a most welcome and daring study that may indeed change the terms of our ongoing wonderment about how to read Scripture and how to trust and obey the God who dwells therein.”

Levent Oral, President of Tutku Tours

Welcome. At Tutku Tours we are not satisfied with a good tour. Instead, we strive for excellence. We want you to return home with memorable experiences that will evoke a desire to return to the Holy Lands again and again. Tutku Tours has been operating for more than twenty years and our company is focused upon Biblical Tours. We conduct Biblical Tours for various groups: academic tours for colleges, universities and seminaries and more leisurely tours for churches and alumni groups. More than 200 schools have chosen Tutku Tours for their visits to the Holy Lands. Won’t you join us?

Our guides not only pass the rigorous qualifications for tour guides set by the Turkish Ministry of Culture and Tourism, but they also participate in annual Biblical Seminars required by Tutku Tours. These seminars, conducted by scholars, archaeologists and professors enable our guides to contextualize the biblical world in relation to the places that you visit. This adds another dimension to the tour as students and parishioners are able to imagine what it was like to walk with Jesus, Paul, John and the early Christians. We want your tour to be more than a journey. We want it to be an experience that you’ll treasure and never forget. Let me know how I can serve you.

With God’s blessings,

Levent Oral

THEOLOGY IN THREE DIMENSIONS
A GUIDE TO TRIPERSPECTIVALISM AND ITS SIGNIFICANCE
JOHN M. FRAME
978-1-62995-322-0 | 5.5” x 8.5” Paper | 128 Pages | $13.99

NEW FROM JOHN M. FRAME

“I commend this book as a short, useful, practical introduction to triperspectivalism. Frame introduces and explains in a clear way the main triads that he has used, especially the triad for lordship and the triad for ethics. He briefly shows their relation to the Trinity and the way they work in practice. The scope of the discussion makes the book an excellent introduction to the rest of his publications.”
—VERN S. POTHRESS

Theological issues can be helpfully viewed from multiple perspectives without compromising the truth. Here Frame gives a brief, accessible introduction to the “triperspectival” Bible study and theological method.

Trinity is pleased to announce the release of Theology, Church, and Ministry: A Handbook for Theological Education, edited by David S. Dockery and published by B&H Publishing Group. This collection of essays by leading scholars explores the role of theological education in the preparation of those called to service in the church. It will serve as a resource for professors, pastors, and prospective students on the purpose of theological education, how it has developed, and how it contributes to formation and preparation for ministry, including questions for reflection and resources for further study.

“In an era where many people question the value and contribution of formal theological study, as well as its practicality and relevance, here is a book that not only makes the case but shows it from virtually every angle possible. The book comes with both substance and heart, beating with a commitment to the pastor, the church, the hearts of believers, and the world.”

Darrell L. Bock

Still Christian
Following Jesus out of American Evangelicalism
David P. Gushee

“David Gushee is one of the most thoughtful Christian thinkers writing today. Still Christian gives an astute and troubling account of the turbulent changes in American evangelical Christianity in recent decades and how these changes continue to shape the broader religious landscape. It is also a brave, honest, and deeply personal account of what it means to remain Christian in the early twenty-first century.”

—Victoria J. Barnett, General Editor, Dietrich Bonhoeffer Works English Edition

Acts
A Theological Commentary on the Bible
Willie James Jennings

“Jennings writes as poet, preacher, and prophet. He takes the reader on a theological tour of Acts, and like a good tour guide, he describes the familiar places thoughtfully. Like the best of tour guides, he also takes the reader to places of importance that are often unnoticed. We are familiar with Paul’s beatings and imprisonment, but Jennings invites us to think theologically about prisons and beatings. We are familiar with the Jewish-Christian struggles in Acts, but Jennings guides us to think more deeply about the Jewish diaspora and the trauma that empire imposes. These visits to neglected places engender a new understanding and perspective on the events recounted in Acts. This commentary preaches as faithfully as it teaches.”

—Daniel Aleshire, Executive Director, The Association of Theological Schools
